

# Mike And The Mechanics, How Can I?

How can I tell you  
And sound like I mean what I say?  
You turned a light on in me  
And it shines to this day  
Once it was easy  
To open my heart up to you  
Now you know the way  
That I'm feeling better than I do  
Why can't I just say what I mean?  
Words don't come easy to me  
I think you sometimes  
Forget how I feel about you  
You come alive every time  
That the message gets through  
Why can't I just say what I mean?  
Words don't come easy to me  
You and I we've got something going on  
That I know you don't find every day  
You and I we belong together  
That's the way that I want it to stay  
Sooner or later  
The penny will drop and you'll see  
That I don't want anyone else  
And you only need me  
Why can't I just say what I mean?  
Words don't come easy to me  
You and I we've got something going on  
That I know you don't find every day  
You and I we belong together  
That's the way that I want it to stay  
How can I tell you and make you believe what I say?
