

# Mike And The Mechanics, Stop Baby

Open your eyes  
Tell me what's on your mind  
Don't try to hide  
Baby what's wrong  
You never lie  
But you don't know what to say  
Now I look in your eyes  
I can see it's all gone  
Chorus:  
Stop Baby  
You don't understand and I said  
Stop Baby  
You don't know what you're doing and I said  
Stop Baby  
You're breaking my heart and I said  
Stop Baby  
Think it over again and I said  
Stop  
Where will you go  
Where will you stay tonight  
Is there someone you know  
Are you sure you're alright  
I never cry  
I never could show the pain  
But I won't survive  
Now it's all gone
