Lisa Ling and Lucy Liu  
Each regard with thought and wonder  
Witness what I have never seen  
And truly beautiful blood and thunder.  
Yeah it's the sweet sign of  
Yeah force of divine love  
And the blessed arrival of you.

You might be the one I've been seeking for  
You might be the sweet un-spiteful  
You might be the girl who shall end all girls  
You might be the famed delightful

Lisa Ling and Lucy Liu  
Passing girls with a gaze disdainful  
Strangeness i have never seen  
And truly loving yeah man that's painful

Yeah a gift from my side now  
Gladness isn't blind now  
And happiness stinks up the room  
mmm yeah  
mmm yeah

You might be the girl that I been waiting for  
You might be the famed delightful  
You might be the girl who shall end all girls  
You might be the sweet un-spiteful
