

Mike Ness, I'm In Love W/My Car

Ain't got a girl
I ain't got many friends
Gonna drive that car of mine
To the living end
My baby likes to run
Run as fast as you can
And when I'm in her
I feel like a man I'm in love with my car.

Got a V-8 motor
Listen to her purr
And when I put my pedal down
My whole world's a blur
Cruisin' down the highway
My lead sled's mean and low
The police behind me
I ain't ready to go I'm in love with my car.

Got twin carburetors
I got dual exhaust
And it don't matter baby
If we get lost
Make love to me girl
In my back seat
The radio's a playin' something
Slow and sweet I'm in love with my car.
