

# Mike Posner, Fun Up Here (ft. Logic)

i fell in love whit a sunset  
i fell in love whit a cloud  
I don't remember how I got here  
I just know I'm looking down  
it's fun up here, feelin' real good  
man, it's fun up here  
I am feeling real good

man, it's fun up there  
I'm feeling real good  
I feel in love with my damn self  
my freckles and my back  
I feel in love whit the whole world  
I know it loves me back

that's why it put me high  
it's fun up here, feeling real good  
it's fun up here, I am feeling real good  
I am just slidi' down a rainbow  
got a lot leg room  
I ma lookin' for my pot of gold  
I know I'll get soon

I got lobe in my blood, man  
I am feelin'  
real yummy  
John Hamilton and Attaman  
I am keeping good company  
I call my [pair of eyes 'pretty'  
and a rainy day is ugly  
man, I ain't got nothin'  
so you can't take nothin' from me  
'cause it's fun up here  
I am real good  
you know it's fun up here  
I am feelin' real good
