

Mike Scott, The Earth Only Endures

(American Indian Chant)

The old man said
the earth only endures
You spoke truly
you were right

The old man said
the earth only endures
You spoke truly
you were right

Only the mountains live forever
only the earth endures
only the earth endures
only the earth endures
only the earth endures

The old man said
the earth only endures
You spoke truly
you were right
you were right
you were right
