

Mild High Club, Mild High Club - Homage

Someone wrote this song before
And I could tell you where it's from
The 4-7-3-6-2-5-1 to put my mind at ease
Please just have a laugh with me
'Cause you know I'm borrowing by now
These sounds, have already crowned
Come on, it's a silly dream
Dreaming of the imagery unfound
The view sits nice from that cloud
And if you want a piece of my thoughts
There's a coin worth flipping
Why don't you toss?
Please just have a laugh with me
'Cause you know I'm borrowing by now
These sounds, have already crowned
Come on, it's a silly dream
Dreaming of the imagery unfound
The view sits nice from that cloud
And if you want a piece of my thoughts
There's a coin worth flipping
Why don't you toss?
