

Miley Cyrus & Billy Ray Cyrus, I Learned From You

I didn't want to listen to what you were saying
I thought that I knew all I need to know
I didn't realize that somewhere inside me
I knew you were right but I couldn't say so
I can take care of myself
You taught me well

CHORUS:

I learned from you
That I do not crumble
I learned that strength is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
That I learned from you
We always don't agree on what is the best way
To get to the place that we're going from here
But I can really trust you and give you the distance
To make your decisions without any fear
I'm grateful for all of the times
You opened my eyes

Chorus:

I learned from you
That I do not crumble
I learned that strength is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
That I learned from you
You taught me to stand on my own
And I thank you for that it saved me it made me
And now that I'm looking back I can say

Chorus:

I learned from you
That I do not crumble
I learned that strength is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
That I learned from you
I learned that strength is something you choose
All of the reasons to keep on believing
There is no question that's a lesson
I learned from you
