Miley Cyrus, I Got Nerve

We haven't met, and that's okay 'Cause you will be asking for me one day Don't want to wait in line The moment is mine believe me

Don't close your eyes
'Cause it's a chance worth takin'
And I think that I can shake you

I know where I stand
I know who I am
I would never run away when life gets bad
It's everything I see
Every part of me
Gonna get what I deserve
I got nerve

Electrified, I'm on a wire Gettin' together and we're on fire What I said, you heard Now I've got you spinnin'

Don't close your mind The words I use are open And I think that I can show you

I know where I stand
I know who I am
I would never run away when life gets bad
It's everything I see
Every part of me
I know I can change the world, yeah, yeah, yeah
I know what you like
I know what you think
Not afraid to stare you down until you blink
It's everything I see

Every part of me Gonna get what I deserve I got nerve

You...You need to discover (Discover)
Who you make feel free
And I need to uncover
The part of you that's reaching out for me, hey

I know where I stand
I know who I am
I would never run away when life gets bad
It's Everything I see
Every part of me
I know I can change the world, yeah, yeah, yeah
I know what you like
I know what you think
Not afraid to stare you down until you blink
it's everything I see
Every part of me
Gonna get what I deserve
I got nerve

I'm what you want (yeah, yeah)
I'm what you need (I Got Nerve)
I'm what you want

I'm what you need

I know what you like,
I know what you think
Not afraid to stare you down until you blink
It's everything I see
Every part of me
Gonna get what I deserve
(I got)
I got nerve
