

# Miley Cyrus, Slide Away

once upon a time  
it was paradise  
once upon a time  
I was paralyzed  
think I am gonna miss these harbor lights  
but it's time to let it go

once upon a time  
it was made for us  
woke up one day  
it had turned to dust  
baby, we were found  
but now we're lost  
so it's time to let it go

I want my house in the hills  
Don't want the whiskey and pills  
I don't give up easily  
But I don't think I'm down

so won't you slide away  
back to the ocean  
I'll go back to the city lights  
so won't you slide away  
back to the ocean  
nah nah nah you'll slide away  
so won't you slide away  
back to the ocean  
I'll go back to the city lights  
so won't you slide away  
back to the ocean  
nah nah nah you'll slide away

once upon a time  
it was paradise  
once upon a time  
I was paralyzed  
think I am gonna miss these harbor lights  
but it's time to let it go

once upon a time  
it was made for us  
woke up one day  
it had turned to dust  
baby, we were found  
but now we're lost  
so it's time to let it go

move on, we're not 17  
I am not who I used to be  
you say that everything's changed  
you're right, we're grown now

so won't you slide away  
back to the ocean  
I'll go back to the city lights  
so won't you slide away  
back to the ocean  
nah nah nah you'll slide away  
so won't you slide away  
back to the ocean  
I'll go back to the city lights  
so won't you slide away  
back to the ocean

nah nah nah you'll slide away

move on, we're not 17  
I am not who I sued to be  
you say that everything's changed  
you're right, we're grown now
