

Milk Inc, With You

I could be
Standing in a snowstorm
But I wouldn't feel a thing
Cause You are there
To keep me some warm
To turn winter into spring
Hours feel like seconds
Time disappears
A day is just a heartbeat
You're music to my ears
Cause when I'm with You
I don't need nobody baby
When I'm with You
I don't need anything
Theres only, theres only
Theres only You and me
The only, the only
The only thing I need
I could be walking trough a fire
But I wouldn't feel a thing
Cause You are there
To lift me higher
You give me song to sing
Hours feel like seconds
Time disappears
A day is just a heartbeat
You're music to my ears
