

Milky Chance, Glass of Wine

I think you broke my heart now
I need a glass of wine
I thought that you're the one but now you're gone
I think I lost my love now
I need another one
To fix the broken pieces of my heart
You told me our love is true
That's broken promises

Cause now you say we're history
I wish that I could just erase the memories
Of all the funny games we played in summertime
Now my life feels cold and gray
Cause you don't want me

I think I lose my mind now
I need a holding hand
To save me from this ocean of tears
I'll never understand how
You send me straight to hell
Cause loving you has meant the world to me
You told me our love is true
That's broken promises

Cause now you say we're history
I wish that I could just erase the memories
Of all the funny games we played in summertime
Now my life feels cold and gray
Cause you don't want me
