

# Milky Chance, Glass of Wine

I think you broke my heart now  
I need a glass of wine  
I thought that you're the one but now you're gone  
I think I lost my love now  
I need another one  
To fix the broken pieces of my heart  
You told me our love is true  
That's broken promises

Cause now you say we're history  
I wish that I could just erase the memories  
Of all the funny games we played in summertime  
Now my life feels cold and gray  
Cause you don't want me

I think I lose my mind now  
I need a holding hand  
To save me from this ocean of tears  
I'll never understand how  
You send me straight to hell  
Cause loving you has meant the world to me  
You told me our love is true  
That's broken promises

Cause now you say we're history  
I wish that I could just erase the memories  
Of all the funny games we played in summertime  
Now my life feels cold and gray  
Cause you don't want me
