# Milky Chance, Living In A Chaze

I been up a couple days I wonder why
I been living in a haze what a foolish life
Now I'm back out on the pavement, don't know why
I should be dancing
I should be dancing the night away

I wish I was a disco boy
Moving like I'm paranoid
I wish I was a disco boy
I should be dancing the pain away

I'm gonna wear my favorite color tonight, oh my
I'm gonna shake it like the thunder tonight oh my
Dreams up in my head
How far can I get
I hope it's not too late to fly cause I
Feel like I been going under tonight oh my

I been up a couple days I wonder why
I been living in a haze what a foolish life
Now I'm back out on the pavement, don't know why
I should be dancing
I should be dancing the night away

I wish I was a disco boy
Moving like I'm paranoid
I wish I was a disco boy
I should be dancing the pain away

I'm gonna wear my favorite color tonight, oh my
I'm gonna shake it like the thunder tonight oh my

I wish I was a disco boy
Moving like I'm paranoid
I wish I was a disco boy
I should be dancing the night away
