

Milla Jovovich, Ruby Lane

Welcome down to Ruby Lane
Take your pick, sir
We're all the same
The sky is my one direction
The earth is my bed

Welcome down to Ruby Lane
Save your soul, man
For life's a game
receive me as a dancing monkey
And throw me a dime

And if you see my brother
You'll know 'cause he's wearing no shoes
Won't you be so good, man
As to throw him some food

You come back now and share your peace
We'll still be here
'Til time's release
I'm here with my one companion
The road beneath my feet

And if you see my brother
You'll know 'cause he's wearing no shoes
Won't you be so good, man
As to throw him some food

Welcome down to Ruby Lane
Take your pick, sir
We're all the same
I'm here with my one companion
The road beneath my feet
I'm here with my one companion
The road beneath my feet
