

Millencolin, Biftek Supernova

I had a dream last night
A dream about a bear
Dancing in a trench-coat, hat, and vest
It didn't take me long to get me well aware
Who's hiding underneath that dress

For 26 long years i've known that guy
And I would say his limit is the sky
and I know he would say that its no big deal
Humbleness is not needed, youre for real

tonight
yeah you turned into supernova
The pepper will soon be in clover
You got your signs right down at rover
yeah you turned into supernova

he'll show you how to pull a trigger on a gun
I heard that he is such a rage
he'll show you more cause his career has just begun
so watch out for when he will hit the stage

for 26 long years i've known that man
and I'm proud to say that we're from the same clan
A third one just like me and that's alright
A star like supernova is way more bright

[repeat chorus]

I wouldn't say its over
You got youre signs at Rover
and soon you'll be in clover

That dude is out there tonight?
They call him supernova
That dude is out there tonight?
