

# Millencolin, Botanic Mistress

All I wanna do  
Is live my life with you  
Its Tall you've gotta grow  
I'll give you H2O  
All I want to do  
Is live a simple life here with you

I felt like Travis Bickle, tyrannical, lonely and blue  
I don't know why I went to Botanical but there I met you  
You made me go from blue to green just in time  
before I got a mohawk  
When we're together I'd say we look like brooklime  
And you can't talk or walk but I love your leafstalk

All I wanna do  
Is live my life with you  
Its Tall you've gotta grow  
I'll give you H2O  
All I want to do  
Is live a simple life here with you

Your way! I'll send no billet-doux!  
If you rather want me to I'll buy a green house for you  
You'll always be on the sunny side of my heart  
I hope you don't dry out at times we're apart  
Hope you don't leave me in the cart!

As I said  
I really hope that you don't leave me in the cart  
Coz if you do dry out then that will truly break my heart  
And I'll feel like Bickle once more  
And maybe I will lose it  
go insane and start a gun war!?

All I wanna do  
Is live my life with you  
Its Tall you've gotta grow  
I'll give you H2O  
All I want to do  
Is live a simple life here with you  
Yeah! All I wanna do  
Is live my life with you  
Its Tall you've gotta grow  
I'll give you H2O  
All I want to do  
Is live a simple life here with you!
