

# Millencolin, Da Strike

You strike get pissed that is just the way it is  
use your nose to the melancholy funk sound  
we are just a couple of local bowlers hangin' out tonight  
leaving all the girls behind  
So what's a girl compared to a perfect game  
I guess a lot if you find the right one  
if I had to choose between a bowl and you  
I'm not telling you you're talking it the wrong way  
I love the feeling that I get when I strike  
that's the only time I feel alive  
don't need you baby just need to strike  
I love the feeling I get when I strike  
You are in trance when you slick into the area  
you pass the sa when you're taking of your pumas  
the way we bowl is cleaner then the others styles  
it's pro but they say we're doing it the wrong way  
So I guess you must be crazy to be bowling like we do  
it's cool we're doing it our own way  
no girls just the rude boys from the south kickin' it slickin' it trickin' it again  
Yes that's right bowling is alright the only time I feel alive  
is when I'm hanging at the A-house  
yes, that's right, pass me those shoes  
I'm ready for the perfect game so watch me shoot  
If you get upset and don't understand it's quite alright  
just follow your instincts physical activity is the way to free your mind  
so get on your feet and bowl to the funky beat
