

Millencolin, Done Is Done

You don't know what you're looking for
You're lost in the past
You don't know who you are any more
How long will it last?

Well, it will last as long as you're gone
In the future or past
There's a crusher ahead
Because you mind real fast
If it was yesterday I would let you go
Are you happy if the answer's no?
It will soon be the time to make it so, yeah...

What's done is done
You need to set your ways
And that is you
You in your future days
The space is slim
So meet my everyone
So, please, I said
What's done is done

You don't know what you are any more
Just know where you've been
It doesn't matter how it all was before
Let the present begin
Big decision for a man in the daze
To leave the haze, yeah...

What's done is done
You need to set your ways
And that is you
You in your future days
The space is slim
So meet my everyone
So, please, I said
What's done is done
What's done is done

Movement is a sign of life, keep moving forward, life
There is no going back from here in spite of all your fight
There's no point in blaming yourself for the wrongs you've done
The game that is really numb, no need to be on the run

What's done is done
You need to set your ways
And that is you
You in your future days
The space is slim
So meet my everyone
So, please, I said
What's done is done
What's done is done
What's done is done

So, please, I said
What's done is done
What's done is done
What's done is done

So, please, I said
What's done is done
What's done is done
