Millionaires, In my bed

I see you over there, there! Giving me the stare, stare! I'm playing with my hair As if i just don't even care I like the way you look tonight and i think i just might Let you take a little bite Cause i think you're out of sight. (Chorus) I want you in my bed, Bed! I want you in my bed You heard what i said, boy I want you in my bed I know you must be shy, shy Because im just so hot, But if you would just try I know you'll hit the spot So you must be the kind Who does this all the time. But i have to let you know Thats not how i tend to roll (Chorus).... You seem like you're a special guy I want to make you mine, mine So come on take my hand I want you to be my man (Chorus)... I'm really not this blunt But i know you want my junk I'm just trying to keep it real And tell you how i really feel (chorus) 2x
