

Mimi Webb, Ghost Of You

Seven Days

Since you went and found some space
I told myself I'm doing great
And I'm not holding on

So don't worry about me
I can keep myself busy
At least that's how I make it seem
Until the day is done

Morning turns to evening
Haven't even thought about you leaving
Swear to god I almost got this feeling
Off my mind

But everytime the lights go out
I see you there when you're not around
Stuck in my head and I
Know you're gone but I still hold onto the ghost of you
Ohh ohh
Everytime I'm in the dark
I feel you there like a shock to my heart
Back from the dead oh I
Know you're gone but I still hold on to the ghost of you
Ghost of you

I can't face
Somebody taking you for drinks and dates
Cause you know I wonder
You know I wonder if it feels the same, the same

Morning turns to evening
Haven't even thought about you leaving
Swear to god I almost got this feeling
Off my mind

But everytime the lights go out
I see you there when you're not around
Stuck in my head and I
Know you're gone but I still hold onto the ghost of you
Ohh ohh
Everytime I'm in the dark
I feel you there like a shock to my heart
Back from the dead oh I
Know you're gone but I still hold on to the ghost of you, ghost of you

Yeah yeah yeah
Ohh ohh
Yeah yeah yeah
Ohh ohh
Yeah yeah yeah
Know you're gone but I still hold on to the ghost of you, ghost of you
Yeah yeah yeah
