and all you creative motherfuckers
makin all original master pieces of shit

and that's good
if your lazy ass is gonna make a living pimpin' of all your shit
pimpin' off
fuck you all...

don't forget... don't forget i'm the shit
cause don't forget... don't forget i'm the shit
because all my life under the knife kiss my ass kissing my wife
i said all my life under the knife break you piece of...
i'm gonna bite your rhymes... (bad idea) i'm gonna bite your rhymes...
because I reign supreme in my own damn mind
i got the final solution - final solution - final solution - final
somebody want somebody want somebody want my necktie
bite your rhymes
hey - i'm gonna bite your rhymes... i'm gonna bite your rhymes...
because all my life under the knife kiss my ass kissing my wife
i said all my life under the knife make you be so... metal
don't forget... don't forget i'm the shit
cause don't forget... don't forget i'm the shit
because I reign supreme in my own backyard
i got the final solution - final solution - final solution - final
somebody want somebody want somebody want my necktie
i got the final solution - final solution - final solution - final
