

# Mindless Self Indulgence, Keepin' Up With The K

Now, - what I wanna know is  
Why don't finish your home anymore knock me up and take my funk  
Cause I'm too old to be  
I'm too old to be  
Keepin' up with all the kids  
Keepin' up with all the kids  
Some, some other way  
Some other place I could be real important  
Now, not anymore, I'm just a bore  
And you should be disappointed  
Why don't finish your home anymore knock me up and take my funk  
Cause I'm too old to be  
I'm too old to be  
Keepin' up with all the kids  
Keepin' up with all the kids  
Some, some other way  
Some other place I could be real important  
Now, not anymore, I'm just a bore  
And you should be disappointed  
Now, no other way but rush the stage and take away my fortune  
Now - you should be King and I should be dead  
And no one would be disappointed
