

# Mindless Self Indulgence, Wack

I wonder when Its going to stop being fun for me [x3]  
Five fucken seconds from now  
I really need to quit before it all turns to shit [x3]  
Too fucken late for that

They say my first CD, was my best one  
And the other shit was dissapointing

Me likes watching it go down in flames  
Not my fault  
I blame it on the industry  
Rock my hole  
Well since you put it that a way  
They were right  
My shit is wack  
Down to defy niggaz  
And my double wide niggaz  
My shit is wack

I wonder when I'll really stop being good at this [x3]  
Was I ever good at this?  
I know its shit but it is something I Won't admit [x3]  
Too fucken bad for you

Down to defy niggaz  
And my double wide niggaz
