

Mindy McCready, Tell Me Somethin I Don't Know

You say that you don't love me well that's no mystery
I can feel it in your kisses and the way you look at me
You say lately you've been thinkin that it's time for you to go
Tell me somethin I don't know

(Chorus)

Cause I can't figure out why it all fell apart
And I don't have a clue just how I lost your heart
So make me understand why I still need you so
And tell me somethin I don't know

You say you found someone that makes you feel alive
And she made you a promise to love you for all time
Well boy I found the shoebox I read the letters that she wrote
So tell me somethin I don't know

(Repeat Chorus)

I don't know what it's like to lie alone at night and toss and turn
When it comes to pain it's plain to see I've got a lot to learn
So make me understand why I still need you so
And tell me how to let you go
Tell me somethin I don't know
And tell me somethin I don't know
