

Ministry, New Religion

A new religion
A twisted vision
Have my doubts when people shout
Their information
Who will you trust when your bubble is crushed
Which corporation?

That's just not right
That's just not right
That's just not right
This is our condition
That's just not right
The whole world in submission
That's just not right
That's just not right
That's just not right
That's just not right

A new division
Our old tradition

Spark that tender, fan the flames
It's just a fever dream of lies
Survival of the tribal
They put their profit over lives

That's just not right
That's just not right
That's just not right
This is our tradition
That's just not right
The whole world in sedition
That's just not right
That's just not right

The grift is on
It's the final solution
It's the ultimate con
Before the revolution

That's just not right
That's just not right
That's just not right
This is our tradition
That's just not right
The whole world in sedition
That's just not right
That's just not right

That's just not right
A new religion
That's just not right
That's just not—
That's just not right
A new religion
That's just not right
That's just not right
