

Minnie Riperton, Completeness

You are my completeness beloved

Every breath of you is my life

Thrill me with your own Lover's Magic

Make me know that I am alive

I need you, my love

Complete me, my love

Be tender, my love

I need you, my love

Live in rapture, loving, needing, teasing,
pleasing, sharing, caring

Waken me, My Love; Cherish me, My Love

I belong to you

Tender moments with you enchant me

Kiss me, make my world fade away

Love me as I want you to love me

Make the night melt into day
