Minnie Riperton, Midnight At The Oasis

What happened to you? You're not the same Something in your head Made a violent change It's in your head It's in your head It's in your head Filler You call it religion You're full of shit Was she really worth it? She cost you your life You'll never leave her side She's gonna be your wife You call it romance You're full of shit Your brain is clay What's going on? You picked up a bible And now you're gone You call it religion You're full of shit Filler
