

# Minnie Riperton, You Take My Breath Away

A tree, a rock, a cloud, a sky blue day  
A bird in flight, the night, the milky way  
Beta gammas, silk pajamas, Sunday mornings  
You take my breath away  
You take it away  
Hello, good-bye, a sign that I love you  
A runny nose, a rose, the ocean blue  
Children playing, people praying,; hallelujah  
You take my breath away  
You take it away  
Sunny days, soft rain falling  
Crystal bells I love to hear ring,  
Summer days, blue birds calling  
Don't look now, but love's around to stay  
A tear, a smile, a laugh along the way  
The world at dawn, a song, the month of May  
Woody Herman, Ethel Merman, Stevie Wonder  
You take my breath away  
You take it away
