

Mirami, Ecstasy

my desires getting over me
I'm lost control
no gravity
I'm feeling free
hearts on fire
that's insanity
I'm lost control
no gravity
I'm feeling free

higher, higher
your love is taking me
your love is taking me
your love is taking me
higher, higher
with you I'm feeling free
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
and fall down with ecstasy
oh baby fly with me

I admire
you good to me
I'm lost control
no gravity
I'm feeling free
you inspire
and got the keys
I'm lost control
no gravity
I'm feeling free

higher, higher
your love is taking me
your love is taking me
your love is taking me
higher, higher
with you I'm feeling free
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
and fall down with ecstasy
oh baby fly with me
