

Mirami, For You

For You
For You
For You

For You
For You
For You

It was a hot and special night
You know
We were dancing on the beach
Till dawn
Such a crazy summer dance
I felt love is ever since
I felt love is ever since
Oh no

I don't wanna be alone no more
Can't you feel my love is pure for sure
Baby, give us a just a chance
Let's just have a true romance
Let's just have a true romance
Oh yeah

Baby, your moves they drive me crazy
I wanna be your lady
Let me be the one for you

Baby, believe me there's no maybe
I wanna be your lady
Let me be the one for you
