

# Miranda Sex Garden, Bring Down The Sky

Lead me to the firelight  
Lead me to another sigh  
Leash me to the firelight  
Only then can I be free

Lead me to the firelight  
Please don't stop to ask me why  
Leash me to the firelight  
Heal my soul and feel my light

Bring down the sky on me  
Know my limits intimately  
Bring down the sky on me  
Take me blindly, make me see
