

Miranda Sex Garden, Fly

Find me now
oh, find me now
when I still want to be found

Feel me now
oh, feel me now
when I still know how to feel

I will fly for you
What I still have missed?

Drown me now
oh, drown me now
before I learn how to swim

Scream my name
oh, scream my name
before I slip away

I will fly for you
What I still have missed?
