

Miranda Sex Garden, Peep Show

Show me a memory
and that's where I'll long to be
Please don't ask for more from me
cos memory is all I'll be

But I can live
in your mind's eye
live, in your heart
I'll love you in your dreams
but please don't try to hold me in your arms

Show me a fantasy
and that's who I'll long to be
Please don't ask for more from me
cos fantasy is all I'll be

But I can live
in your mind's eye
live, in your heart
I'll love you in your dreams
but please don't try to hold me...
I can live
in your mind's eye
live, in your heart
I'll love you in your dreams
but please don't try to hold me in your arms
