

Miranda Sex Garden, Tonight

tonight
I found you on the shore,
the one that I adore,
and with the tide I'll steal you away.

tonight
I'll lose you to the waves,
I'll watch you slip away,
I'll lead you to your watery grave.

tonight
just like the others,
tonight
maybe forever,
tonight,
o tonight,
can we do it again?

and I will always love you,
and I will never cease,
and tonight we'll be together,
I feel so far away.
