

Misfits, Halloween

Bonfires burning bright
Pumpkin faces in the night
I remember Halloween
Dead cats hanging from poles
Little dead are out in droves
I remember Halloween!

Brown leaved vertigo
Where skeletal life is known
I remember Halloween
This day anything goes!
Burning bodies hanging from poles
I remember Halloween!

Go!

Halloween!

Candy apples and razor blades
Little dead are soon in graves
I remember halloween
This day anything goes
Burning bodies hanging from poles
I remember Halloween

Halloween!
