

# Misfits, THE HUNGER (Demo Version)

We become... Erupt in violence  
Destroy the silence  
Our time has come - Go!

We are the outcasted ancient descendants  
The ones who've been calling and  
Would you still die for the dead yet still living  
Starved of a time that's now come  
We are the children... The hungry children

We become... erupt in violence  
Seduce the silence  
Our time has come - Go!

We are the kindred Hell's  
ancient descendants slaves  
begging the night not to go...  
Would you still die for?  
The dead yet still living  
Starved of a life that's now gone

We are the children, the hungry children

(We become...)  
The blood quench the hunger  
The blood quench the hunger  
The blood quench the hunger
