

Miss Angie, Life, Life, Life

My heart and tongue
They will rejoice
Dance and sing for the king of my choice
Redeemer...
He is the way for me to say
He is the way for me to say believe
In life, life, life, life
I am the apple of His eye
I know this 'cause He came here
And He died
Redeemer...
He is the way for me to say
He is the way for me to say believe
In life, life, life, life
He is the way for me to say
He is the way for me to say believe
In life
Redeemer, Redeemer, Redeemer...
He is the way for me to say
He is the way for me to say believe
In life, life, life, life
