

Miss Angie, Neater Cooler

Cooler, relieving
I taste it, it's so good
It's the mind blowingist big thing
Never lose it if I could
Give me something real, give me something real
'Cause nothing breaks me like the truth (x2)
It's the highest high to crave it
Radiates so real
So expensive, don't you know it
Worth it in the end
Give me something real, give me something real
'Cause nothing breaks me like the truth
