

Miss Angie, Super Busy

I'm busy loving You today
I don't have any time to play
I'm busying knowing You today
There's no time for a normal day
What would You
Tell me do You
What would You
Do You really feel the same?
What would You
Tell me do You
Do You, do You
Do You really feel the same?
I've got You in my heart today
I know he tries to steal away
I've got You in my heart today
It's our secret hideaway
What would You
Tell me do You
What would You
Do You really feel the same?
What would You
Tell me do You
Do You, do You
Do You really feel the same?
What I need is what You give me
And I can't get it enough
What I need is what You give me
And I can't get it enough
Do You like me the same, the same?
Do You like me the same, the same?
What would You
Tell me do You
What would You
Do You really feel the same?
What would You
Tell me do You
Do You, do You
Do You really feel the same?
