

Miss Conduct, Loves First Denial

You wanted more than I could give
I told you this, I told you, told you this
I gave it up so I could live
Didn't take it back for me to hold
I gave it up so I could live
You knew this now, you knew this
Knew this, knew this, knew this
I'm not your baby, I'm not your owner
I'm never gonna be yours
Never wanna be your girl alright
I'm not your baby, I'm not your owner
I'm never gonna be yours
Never wanna be your girl alright
I won't live up to your persona
You knew the truth - yes you knew the truth
I gave it up so I could live
Don't take it back for me to hold
I gave it up so I could live
You knew this now, you knew this
Knew this, knew this, knew this
I'm not your baby, I'm not your owner
I'm never gonna be yours
Never wanna be your girl alright
I'm not your baby, I'm not your owner
I'm never gonna be yours
Never wanna be your girl alright
Something tells me
Something's coming up
Something tells me
Something's coming up
Something tells me
Something's coming up
