

# Misty Edwards, See the way

See the way he holds the stars in his hands  
See the way he holds my heart  
See the way he holds the stars in his hands  
See the way he holds my heart  
With just one word of your mouth were the heavens made  
With just one breath of your lips the foundations were laid  
With just one dream in your thoughts you have wanted me  
With just one pulse of your heart you are wooing me  
/ everythink 2x

See the way...

God is a lover looking for a lover so he fashioned me  
God is a lover looking for a lover so he formed my heart  
God is a lover looking for a lover so he fashioned me  
God is a lover looking for a lover  
With just one pulse of your heart  
With just one pulse of your heart  
With just one pulse of your heart  
I'm in love
