

# Mitchel Musso, The In Crowd

Spin away the combination for the last time  
Say goodbye to this year  
Wish I had a way to avoid the empty summer that awaits me  
They'll drink and make a toast  
Celebrating their new freedom  
I'll sit alone on the couch  
Coming undone  
My girlfriends a remote control cause I  
Can turn her on for hours at a time  
and I don't think I've ever known a life  
That i was part of the in crowd  
Trun around another day another disgrace  
Fall flat on my face  
I wish I had a freakin license  
Get a car and head out west  
They'll smoke and burn it down  
Rocking out with their new freedom  
I'll sit alone on the couch  
Coming undone  
My girlfriends a remote control cause I  
I have become emotionally paralyzed  
And I don't think I've ever known a life  
That I was part of the in crowd  
Doesn't anyone hear the sound of my voice?  
I'm talking so loud so noone has a choice  
If I keep you near I'm such a satellite boy  
And I'll disappear into a blue light void  
Spin away the combination for the last time  
Say goodbye to last year  
Wish I had a way to avoid the empty summer that awaits me  
They'll drink and make a toast  
Celebrating new freedoms  
I'll sit alone on the couch  
Watching TV  
My best friend has a perfect life and I  
Live vicariously through the magic eye  
And I know that I've never known a life  
Where everyones got perfect teeth and hair  
Selling everything from sex to underwear  
I wonder what its like to have it all  
To be a part of the in crowd
