

# MNEK, Never Forget You (feat. Zara Larsson)

I used to be so happy  
But without you here I feel so low  
I watched you as you left but I can never seem to let you go  
'Cause once upon a time you were my everything  
It's clear to see that time hasn't changed a thing  
It's bury deep inside me but I feel there's something you should know

I'll never forget you  
And you'll always be by my side  
From the day that I met you  
I knew that I would love you till the day I die  
And I will never want much more  
And in my heart I will always be sure  
I will never forget you  
And you'll always be by my side till the day I die

Till the day I die...

Funny how we both end happy but everything seems alright  
I wonder what will happen  
If we went back and put up a fight  
'Cause once upon a time you were my everything  
It's clear to see that time hasn't changed a thing  
So what in this world do you think could ever take you off my mind

I'll never forget you  
And you'll always be by my side  
From the day that I met you  
I knew that I would love you till the day I die  
And I will never want much more  
And in my heart I will always be sure  
I will never forget you  
And you'll always be by my side till the day I die

Doing it, loving it  
Everything that we do  
And all along, I knew I had something special with you  
But sometimes you just gotta know that these things fall through  
But I'm still tired and I can't hide my connection with you

Feeling it, loving it  
Everything that we do  
And all along, I knew I had something special with you  
But sometimes you just gotta know that these things fall through  
I can't hide my connection with you

I'll never forget you  
And you'll always be by my side  
From the day that I met you  
I knew that I would love you till the day I die  
And I will never want much more  
And in my heart I will always be sure  
That I will never forget you  
And you'll always be by my side till the day I die

Till the day I die...

I'll never forget you...

Till the day I die.
