

Mnemonic, Sane Vs. Normal

Hello Mr. Richway, welcome to the sunset hotel.
Thank you, I'll fuckin' rape and kill a girl to quote myself.
Needless to say that this is a habit.
"I take it cuz I can't have it"!
The bloody moves to grooves that are the dance of death.
Skin to barbed wire in a final breath.

I made the mistakes I couldn't afford to make.
Hell, they even knocked on my door
Because they found a girl dead in a lake.
They won't catch me again
I've grown beyond my time and now...

I moved beyond recognition.
I clearly lost count, an escalation of schism.
Still not sure why I do this.
An overwhelming urge to reach a state of bliss?
I got it all pinned down and...

The hammer hit the nail
But I can't let them live
It's all to late for me

It's all to late for me
I hear them begging me
But I can't let them live
I can't let them live

Spill the blood and hide the bodies.
Dead girls don't tell of my done deeds.
Hell, they'll do it for money.
I'll do them for free. I'm Mr. Richway
"Don't give a fuck what the bitch say" !
I told you I got it all pinned down and now...

The hammer hit the nail
But I can't let them live
It's all to late for me

It's all to late for me
I hear them begging me
But I can't let them live
