Mo' Keb', Everything I Need

Aint got no money
Nowhere to sleep
No friends no family
No bread no meat, no bread no meat
No friends no family
No bread, no bread no meat

Aint got no reason
Aint got no rhyme
Aint gettin' no younger
And I'm runnin' outta time
Runnin' outta time
Aint gettin' no younger
And I'm runnin' out of time

But I'm still climbing up the mountain side
Dont count me out
As long as I've got my heart and soul
I got everything
I got everything I need
Everything I need

Aint got no picture
Aint got no wall
Aint got nobody to hear me when I call
Hear me when I call
Aint got nobody to hear me when I call

But I'm still climbing up the mountain side
Dont count me out
As long as I got my heart and soul
I got everything
I got everything I need
Everything I need

Aint got no window
Aint got no door
But I can feel sun shinin' where its never shined before
Never shined before
Feel sun shinin' where its never shined before

But I'm still climbing up the mountain side
Cant count me out
As long as I got my heart and soul
I got everything
I got everything I need
Everything I need
Aint got no pictures
Aint got no walls
Aint got nobody gonna hear me when I call
No, no no
