

# MØ, Way Down

all the day  
all of the night  
flashing through my head like  
light's in the sky  
an I gonna die?  
am I gonna be alright?

and I hear it like a call from the wild  
and I keep putting coal on the fire  
if I'm gonna lose my mind  
tell 'em imam do it with style

I just wanna get fucked up with my baby  
tell 'em not worry about me  
I am on my way dawn

I just wanna get fucked up with my baby  
catch me on the bottom  
cuz I'm on my way down
