Yeah, Prodigy, H-A-V-O-C  
M-O-B-B, uh-huh, yeah  
Uh-huh, uh-huh, uh-huh

I can see you back there, yeah (whattup?)  
Yo

(Havoc)

The Mobb'll spit that shit, rip that bitch, leave it loose  
Take shit back to trip who fat Goose  
Queensbridge representative, ghetto entrepreneur, stay on tour  
Dick-riders, wanna get em bullshit  
The same law, same day contract, different clause  
Don't run red lights, I never caught the blue balls  
Gold medalist spit, doin this ever since  
third time felon nigga, who you tellin?

Chorus One: repeat 2X

Cause we Allustrious, ashes to ashes  
and dust to dust, if you fuck with us  
It's a must we bust, and if you stand wit us  
Nine times out of ten son you might get bucked

(Prodigy)

Yo, the lost page of a wild rhyme writin nigga  
P holds the pen tightly, explode nightly  
I count on one finger all y'all rap niggaz that excite me  
Y'all niggaz is trash rap - wanna fight me?  
You shook to death, take breaths and step lightly  
Y'all Little League niggaz is so bald they might be  
spent too much time with wifey, come out to play  
with the hard-headed, Infamous song torture  
Crack your knuckles, buckle up your pants tight  
Pull your hats down, let's get it on like papi bar fights  
My spiral book, hold the world's most lethal  
There's no cure, for what my pen do neither  
Bring the fever, y'all niggaz is the rap Justin's  
While we was gone for a moment, y'all kept the crowd goin now  
move over bacon, time for som'in meatier  
Your shit's weak, your best song was mediocre  
Fuck a penis, how dare you entertain the thought  
that you could come out to challenge me in blood talk?  
Take a walk jerk this ain't Levert, Sweat and Johnny Gill  
This is rap for real, somethin you feel  
You catch a chill when you hear the Mobb bang through your stereo  
It's heavy metal for the black people, rock'n'roll  
but it's hip-hop though, my drug music  
It's thereapeutic to the user, you slam dance to it

Chorus Two: repeat 2X

Nigga we Infamous, ashes to ashes til death do us  
And y'all weak to us  
If you stand amongst us, prepare for the worst  
It's a must we burst ours first

(last line changed 2X to "and it's a must we burst ours first, nigga")

(Havoc)

Yo.. crack the Henny bottle while I drop this jewel on your dome  
My shit'll touch home, straight to the core you ain't alone  
Play the unknown type Dunn, mysterious stars

Concealin them slugs, if it go down, remember that mug  
Cause ain't no love when a nigga shit is touchin his ribs  
Hungrier than a hostage, shit, we blitz  
in formation pack the led up in shit  
The better you get, the better we get, and that's it  
Yo this snake's in the grass when they bite Mobb anti-venom  
Stop em in they tracks, goin at em when you send em  
Imperial dogs, creepin through fog  
Carved needle slip and you fold, the shit's lethal  
We roll Mobb D-iezel, the whole Q.U. double-E, N-S  
And when you spot us, play low-key

(Prodigy)

Dunn these niggaz is actresses, and they tryin to play the man's role  
Can't they see us wildin on the video?  
Don't they see us in the club swingin elbows?  
Or on the street with our jewels on the cell phone?  
Hoppin the sidewalk with Benzes and Jeeps  
I ran through more cars than it's sand on the beach  
I'm pleased to meet you, now here's a word to the smart  
Don't ever let your peoples boost up your heart  
Cause you'll fuck around and get your ass torn apart  
Challengin the Mobb in the arts  
Our literature stands colossal, compared to y'all's  
Way ahead of your time, you're strugglin to keep up  
Your style's limited, your rap's primitive  
Go 'head with that bullshit you kicked Dunn
