Chorus-50 Cent)

If you want, you kiss it girl, i wont tell

If you want, we can do it right here, or at the hotel

If you want, at the red light we can start things off right

If you want, hey girl i want what you want

(Verse-Havoc)

Ma i wanna splash on ya Mac lip glass

I wont tell, cant ya kiss it real fast

You got me feenin, you see me feenin

Creamin in my jean thats a good enough reason

Little filatio dont equal to cheatin

Some bitches bite it like they teethin

Probably better off beatin, but for some reason you got me

Breathin all hard and my legs all knocky

Cant eat it right now, promise if you spot me

Give it to you good hardbody

I wanna feel groggy, get these windows foggy girl

G-Unit, I'll write that ass a good refferal

Nah im just playin, pardon the dry humor

If you try it some say it'll even taste like calua

Yea, you got me creamin thats a good enough reason

Not to mention yo ass bleedin

Chorus-50 Cent)

If you want, you kiss it girl, i wont tell

If you want, we can do it right here, or at the hotel

If you want, at the red light we can start things off right

If you want, hey girl i want what you want

(Verse-Prodigy)

Ay girl do you remember me, the same boots and jeans

But my jewlery kept me lookin clean
