To skin all ya'll cats alive
Take your time don't rush the clock, Infamous rock for good now
Pass like my duns on lock holdin the pot down slow
But assuring this, spoon-feeding these
Starvin ass heads catchin shakes, feenishly
I ball in this, word assortin this, probably recording this
Of course kids keepin they sights upon this
Exclusiveness, like some new type of kicks
We got them things fixed, passed the wrong man in my click
You get charged wit incense to kick that bullshhh
Welcome to the ledge of this whole shhh
